

Gateway Cancer Research - Grants

Descrição

The Gateway for Cancer Research (<https://www.gatewaycr.org/>) aims to fund meaningful and breakthrough clinical trials worldwide that help people living with cancer to feel better, live longer and conquer cancer today.

This grant (https://gatewaycr.smapply.org/prog/gfcr_all_grant_programs_-_v122023/) program will support translational research through clinical trials conducted by institutions that receive NCI SPORE awards. Gateway will issue grant awards based on an application and review process conducted by Gateway. Gateway focuses on funding integrative oncology research that pairs conventional therapies with evidence-based, complementary therapies to manage symptoms and side effects from treatment. This also aims to increase quality of life during treatment.

Data Limite

May 23, 2025 at 12 pm CST.

Elegibilidade

1. Any investigator who is ready to conduct a clinical trial in cancer research - one which will have an immediate impact on cancer patients - may apply for funding. Investigator initiated applications from any academic, non-profit institution and medical centers are welcome. Investigators don't need to carry any special qualifications other than proven work as a clinician, researcher or primary investigator.
2. The applicant seeking Gateway funding must be employed at a for-profit or non-profit organization or institution (each referred to as a Grantee Institution) within the United States or any other foreign country where supervision of grant administration is possible.

Valor Financiado

Grants are typically 2-5 years in duration with award amounts from US\$200,000.00 to US\$1.5 million.

Forma de Solicitação

Gateway has a rolling request for funding process that is conducted in two stages through a Letter of Intent (LOI) and then, if invited, a full application. All applicants must submit their LOI's and applications via Gateway's Online Grant Management System (https://gatewaycr.smapply.org/prog/gfcr_all_grant_programs_-_v122023/).
